### EGYPT.

Alexandria, 7.—The report that  
the joint control of the railway  
will be abolished has produced an  
excellent effect.

A native convicted of terrible  
atrocities during June 18th, was ex-  
ecuted this morning.  
London, 7.—A correspondent of the  
Cologne Gazette declares the  
Egyptian wounded were num-  
bered by British in the trenches  
at Tel El Kebir, after resis-  
tance ceased. A letter from a  
non-commissioned officer says the  
orders were to spare none of the  
enemy; to bayonet every one of  
them; as they would shoot the  
soldiers treacherously if passed by  
them.

Alexandria, 7.—The prosecution  
of persons guilty of outrages at  
Santah, of whom 115 have been ar-  
rested, was begun to-day. Notables  
in Santah have solicited a postpone-  
ment of the departing of British  
troops.

### After the Irish.

London, 7.—Professor Goldwin  
Smith, replying to E. L. Godkin, who  
had written an article in the Spec-  
tator criticising Prof Smith's views  
of the Irish question from the policy  
of an American point of view, writes  
that he had advocated the miseries  
of repression, not because of any hostility  
to the Irish, but because the Par-  
liaments abused their principles as mem-  
bers of Parliament for the purpose  
of wrecking parliamentary government  
in the interests of despotism. There  
is no doubt, says Professor Smith,  
that if a party of southern congress-  
sional gentlemen were to attempt  
to wreck the American legislature, they  
would have been put down with as  
little compunction as was shown in  
the repression of the Irish in the  
draft riots in New York. It seems to  
me, he adds, that in America  
those who urge a reign of terror and  
murder as well as encourage the  
murderers of the Irish, while the chief  
authors of the system are New York  
financiers, and their organ the Irish  
World—the property of a Jew. Mr.  
Godkin himself, he says, is not a native  
American, but an Irish nationalist.

### Freed Slaves—Cyclone.

Havana, 7.—Since January 1st, the  
Board of Freedmen has declared free  
20,900 slaves in accordance with the  
emancipation law.

The director of the observatory of  
Belen, announces a marked tendency  
to the formation of a cyclone in the  
Caribbean Sea.

### Discouraging.

Richmond, Va., 7.—James A.  
Watkins, readjuster member of the  
last legislature, from Appomattox  
County, was to-day indicted by the  
grand jury, for selling for \$60 his  
influence as a member to procure  
for E. S. Brittingham a place as  
guard at the penitentiary.

### The Jailed James.

Kansas City, 7.—At Indepen-  
dence, to-day, a number of old  
friends were admitted to the jail to  
talk with James. He seemed in ex-  
cellent spirits, and expressed entire  
confidence in his ability to clear  
himself of the charges that may be  
brought against him. His wife visited  
him during the morning. At the  
hotel yesterday, he wrote upon the  
register, "Frank James, wife  
and child," remarking it was the  
first time he had signed his real  
name in sixteen years. There was  
a number of bidders for the auto-  
graph, but the landlord declined  
to permit the register to be cut.  
James' appearance strongly indi-  
cates the rapid approach of con-  
sumption. Although he asserts he  
is in good health, it is evident he is  
considerably broken, physically, if  
not in spirits. It is the general  
opinion that he confidently ex-  
pected to be admitted to bail yester-  
day, and there is no doubt that he  
could give a bond in any amount  
demanded. The regular term of  
the criminal court occurs in Novem-  
ber, but it is thought Judge White  
will give a hearing to the applica-  
tion for bail before that time. There  
is great difference of opinion here  
as to the probability of sufficient evi-  
dence being obtained to convict  
him of the charges preferred in this  
county; opinions also are greatly at  
variance as to chances for pardon.  
In case of conviction, Major Ed-  
wards states positively that James  
will not be encouraged further than  
that offered in the letter from Gov-  
ernor Crittenden, published yester-  
day.

### Horrible Murder.

Evansville, Indiana, 7.—A most  
horrible murder has been com-  
mitted within three miles of Mount  
Vernon, in Posey County. The  
neighbors of Hume Redman, about  
9 o'clock on Friday night, heard  
loud cries for mercy. "For God's  
sake don't kill me," etc., at the same  
time sounds of blows were heard,  
followed shortly by the report of a  
pistol and Redman was heard to ex-  
claim "My God, Eva, have I hit  
you? For God's sake speak to me!  
Did I kill you?" Redman then  
opened the door and called his  
neighbors saying his wife had  
shot herself. Parties went to the  
house and found Redman's wife  
on the floor, about two feet from the  
door, weltering in blood. A derring  
pistol was lying on her lap. Medical  
attendance was summoned but  
the woman was dead. Redman  
was arrested and placed in jail to-  
night. The excitement is intense,  
and about 200 armed men are wait-  
ing around the gate for the purpose  
of hanging him.

### Cool.

Omaha, 7.—At Plattsmouth, this  
morning, John Pollin, proprietor of  
the European restaurant, shot and  
mortally wounded Captain Matter.  
Pollin called Matter from the street  
into the dining room, closed the  
door, drew a pistol and fired, strik-  
ing Matter over the left eye. Pollin  
then delivered himself up to the  
sheriff. The two men had some  
trouble yesterday about a letter said  
to have been received by Matter  
from Pollin's wife. Matter was  
alive at last accounts, but no hopes  
for his recovery are entertained.

### Political Harmony.

Richmond, Va., 7.—Last night,  
during the progress of the readjust-  
er mass meeting, in this city, a re-  
cent occurred between General  
Peyton Wise and John Ambler  
Smith, readjuster candidate for  
Congress from this district in which  
the latter struck General Wise one  
blow, when friends interfered.  
Subsequently Smith addressed the  
meeting, bitterly denouncing Gen.  
D. Wise, his democratic opponent  
for Congress. To-day the latter was  
heard to make violent threats  
against Smith, whereupon a warn-  
ing was sworn out for his arrest.  
He was taken into custody and  
bailed for appearance before the  
police court on Monday.

### Grangers' Convention.

San Francisco, 7.—The grangers'  
convention to nominate an inde-  
pendent ticket for a railroad com-  
missioner, state board of equalization  
and supreme judges, met at Stock-  
ton to-day. Large attendance.

### Dead.

Birmingham, Ala., 7.—Rev. Dr.  
James Christian, editor of the Chris-  
tian Advocate, organ of the Methodist  
church, of Alabama, died to-day of  
congestion of the lungs.

### Miscellaneous.

Washington, 7.—The single scull  
race, 11½ miles, between McKinnon,  
of the Potomac Boat Club, and  
Page, of the Anacostia Club, was  
won by the former in 10:22½.  
The race was for a medal and the ama-  
teur championship of the district.

### Yellow Fever.

Brownsville, 6.—No deaths, nor  
new cases here or in Matamoros;  
the fever is very bad in Camarago  
and there are no physicians there.  
The death rate is 8 to 12 daily.

### Butler's Letters.

Boston, 7.—In a letter to the green-  
back committee, General Butler  
expresses himself in favor of civil  
service reform, declares against the  
taxation of the necessities of life,  
and says the highest duty should be  
laid upon luxuries. "I can congrat-  
ulate you that, hereafter, you may  
well lay aside the word 'Greenback,'  
as designation of your party, unless  
you keep it in remembrance of the  
fact that you took it upon  
you when conferred by your  
enemies as a title of re-  
proach. In behalf of the 'greenback'  
or legal tender note, your labors  
are done and the mission of your  
party is fulfilled as is the mission  
of the republican party which was  
the abolition of slavery. The 'green-  
back' is now the money of the  
United States and is the equal of  
gold and silver." The committee  
is then referred to the expressions  
of views in the democratic plat-  
form. The remainder of the com-  
munication is given to the state-  
ment of his devotion to the inter-  
ests of the laboring people.

### Reward Withdrawn.

St. Louis, 7.—Governor Critten-  
den has withdrawn and abrogated  
the proclamation issued by him in  
July last, in which he offered re-  
wards for the arrest and conviction  
of certain train robbers. He stated  
that the chief actors in said rob-  
beries are now either dead or in the  
custody of the law of the state.

### Washington.

Washington, 6.—The President  
asked the cabinet to go with him to  
Boston on Tuesday.

### Casualties.

Amesbury, Mass., 7.—George  
Huntington, wife and four children  
were capsized in a sailboat on Plum  
Island River this morning, and all  
drowned.

### Comet Apprehensions.

New York, 7.—World's London  
cable says: The comet is all the  
talk in scientific circles at present,  
and is being regarded with consid-  
erable apprehension. Richard A.  
Proctor, who denied that it was the  
comet of 1843 and 1880, now finds  
that he made a mistake in his  
calculations, and has so  
withdrawn his statement. More  
cautious astronomers than he  
have no doubt of the identity of  
the comet, and believe that it will  
return in October, 1883, and then  
fall into the sun with results  
which will enable you to dispense  
with the future publication of the  
World. I am assured that this is  
the opinion of the most eminent  
scientists of the day, Mr. C. Piazzi  
Smyth, the clever astronomer for  
Scotland, in particular having made  
no secret of his belief.
